Horse Show Ventures Announces Ground Breaking 2013 \$1,000 Leading Rider Challenge

Horse Show Ventures is an Atlanta based horse show production company specializing in hunter-jumper shows. The series attracts hunter / jumper and eventing riders of all levels. The shows are sanctioned with the Georgia Hunter Jumper Association, Marshall & Sterling, and Southeast Medals Series offering participating riders expanded opportunities for state and nationwide rankings and awards.

In addition to the over \$6,000 in prize money offered at each HSV show, founder, Morgan Taylor, has created the Leading Rider Challenge to offer \$1,000 in bonuses to the top three money winners of the series at year end. Professionals, amateurs and juniors participating in the Horse Show Ventures shows are eligible for the cash awards. Rankings will be posted on the Horse Show Ventures website and updated monthly. The HSV show season opens March 2-3 at the Georgia International Horse Park.

“We created this program to recognize the achievements of our participants and give back to the equestrian community at the local level. Competitors enjoy tracking the success of top equestrian athletes, and this offers that same recognition to riders at the state level” remarked Abby Sundius, sponsorship and marketing director for the events.
