Equestrian Village at EPIC Outdoor Game Fair Filled with Cross-Discipline Exhibitions

ATLANTA – The Equestrian Village at the EPIC Outdoor Game Fair will feature three full days of exhibitions of equestrian talent and technique as well as clinics from some of the industry's top names. From eventing to polo to jousting to cowboy mounted shooting and precision drill teams, the village will showcase the breadth of equestrian disciplines. Topline Equestrian Marketing secured the various talents that will be featured in the village.

Designed to encourage families, youth, and individuals to actively engage in outdoor sporting activities through education, participation, instruction, and competition, the EPIC Outdoor Game Fair will run from September 23 to 25, 2011. The event will be held at Foxhall Resort and Sporting Club located just 45 minutes outside of Atlanta and 20 minutes from the airport.

The Equestrian Village will be an exciting experience for horse lovers of all ages. Even those who don't consider themselves horse people will be after visiting the Equestrian Village! Incredible displays of equine talent from all different disciplines and breeds will be showcased throughout the event along with clinics and learning opportunities for the general public as well as the avid equestrian.

Upper Level Three Day Eventer Elisa Wallace comments, "I am thrilled to be a part of such an exciting event in Atlanta! Being able to promote our sport at such an incredible venue is a great opportunity not only for me but for all of the equestrians who are participating. It's refreshing to see an established outdoor sporting organization recognize that we are an integral part of the outdoor lifestyle. I look forward to working with the other exhibitors and meeting new faces – come see us in the Equestrian Village!"

The goal of the EPIC Outdoor Game Fair is to bring together a diverse range of outdoor enthusiasts to build a framework for understanding one another's passions. There will be villages

- MORE -

for each outdoor sport hosting exhibitions, demonstrations and experts interacting with guests. This understanding will bridge the activities and build a larger social network to support responsible use of natural resources and the roles we share as sportsmen and sportswomen in land use and conservation.

“Many hunters and outdoors people use horses as part of their outdoor sporting experience,” noted Joe Hosmer, President of Safari Club International Foundation. “Showcasing the diverse disciplines within the horse community at EPIC Outdoor Game Fair was a natural fit.”
